

General Permit Registration for the Discharge of Stormwater Associated with Industrial Activity, effective October 1, 2011

The following table displays registrations submitted to obtain permit coverage. The table is sorted alphabetically by Site Town first, and then by Site Name.

Status is defined as follows:

Received – Registration received by DEEP

Sufficiency– DEEP reviewing registration for completeness

Insufficiency – Registrant must provide additional information

Technical Review – DEEP conducting technical review of registration

Final Decision – Registration approved (status will be updated to be effective as of 10/1/11)

Issued – Registration in effect, as of 10/1/11

Rejected – Registration did not satisfy registration requirements

Withdrawn – Registration withdrawn by applicant

Disapproved – Registration not eligible for general permit/ may require individual permit authorization

Document permit coverage:

Note that DEEP will no longer automatically mail Certificates of Registration. This table will serve to document permit coverage, upon issuance, for the entire term of this permit.

Request a Document:

If you are requesting to review a Registration or Pollution Prevention Plan or if you are commenting on a plan, please send your request or comments to the e-mail address below and indicate the Application Number and Site Name in your correspondence.

Pollution Prevention Plan column notes are defined as:

Open for Plan Request: Within 15 days of the initial registration posting date, members of the public can request a copy of a non-electronic plan. Requestors have 30 days from receipt of a plan to submit comments to DEEP.

Open for Comment: Within 45 days of the initial electronic plan posting date, members of the public may submit comments on the plan to the DEEP.

Review & Comment Period Closed: Review and Comment period has ended & DEEP is no longer accepting comments on a plan.
